Subject: Confirmed Veolia/Durbin meeting
Date: Friday, March 20, 2015 12:14:45 PM

I confirmed with Veolia that we are set for 9:30 on April 9. I understand that George, Bob and maybe Ronna are attending. Veolia will be bringing the entire crew. (3-4 lawyers, 3 technical staff and Doug Harris, plant manager) Durbin's office will be on the phone "for as long as the meeting lasts", former representative Costello will be there and possibly someone from an environmental committee. If I can be of help in any other way, let me know.
